**Summary of Complaint:**

The Department of Human Services received a concern regarding the presence and use of marijuana in the home.

**Rule Basis and Findings of Complaints:**

110.5(1) "Conditions in the home are safe, sanitary, and free of hazards."

**Resolution and Action Required:**

During an unannounced home visit on February 13, 2015, I conducted a thorough search of the home, checking particular locations that were cited to contain marijuana. At no time did I find any evidence of the presence or use of marijuana during my visit. Ms McNichols adamantly denies the allegation of presence and use of marijuana in her home or daycare at anytime.

I have no reported information or observation that Ms McNichols is out of compliance with providing a safe and hazard free environment for children in her care.

Regarding the reported complaint, Ms McNichols was found to be in compliance with safe, sanitary, and hazard free conditions in her home. Nor further action related to the complaint is necessary.

Regarding a full spot check, Ms McNichols fully participated in a spot check in January 2015 where minimal areas of non compliance were discovered and a brief corrective action plan was discussed at that time.
